

March 4-9 \ Washington D.C.
Walter E. Washington Convention Center

IR Economics, Quality and Value Are you ready for MACRA?

Keynote Plenary:

Health care reform and the National Agenda
Can we find common ground?

The Hon. Thomas Daschle
Former Senate Majority Leader

Overview of the day

C. Matthew Hawkins, MD
*Assistant Professor
Emory University School of Medicine*

Plenary: Interventional radiology and health care reform: Prepare to be disrupted

Stephen L. Ferrara, MD, FSIR
*VA Medical Center, Phoenix
SIR Councilor for Health Policy*

Plenary: MACRA 101: The details of quality, resource use, clinical practice improvement activities (CPIAs), advancing care Information, composite scoring and financial impacts

MACRA Overview and Timeline to Implementation

Ammar Sarwar, MD
Beth Israel Deaconess Medical Center/Harvard Univ.

Financial Implications of MACRA

Raymond Liu, MD,FSIR
Massachusetts General Hospital

MACRA: Regulatory & Political Pathways to Success

Ezequiel Silva III, MD, FSIR, FACP
*South Texas Radiology Group
Chair, Commission on Economics
American College of Radiology*

Plenary: Documenting IR outcomes with registries: The new IR structured reports, IR Registry and reporting options

Step by step guide to IR Quality Registry

Jeremy Durack, MD, MS, FSIR
Memorial Sloan Kettering Cancer Center

Structured Reporting: How to get started

Jeremy Collins, MD
Northwestern University

*Transmitting data into the IR Quality Registry:
What are the options?*

Judy Burleson
American College of Radiology
Senior Director, Quality Programs

IA. Measuring and assessing quality and value in IR

Coordinators

Sharon W. Kwan, MD, FSIR
University of Washington
Jeremy Collins, MD
Northwestern University

An introduction to value and value frameworks: Case Study: Interventional Oncology

Joseph Kallini, MD
Detroit Medical Center- Wayne State University

Qualified Clinical Data Registries as a way to measure quality

Mythreyi Bhargavan Chatfield, PhD
American College of Radiology

Life cycle of a performance measure: What measures have been developed in IR and where are we headed?

Jeremy Collins, MD
Northwestern University

Performing Time-Driven Activity Based Costing for IR

Marcelo Guimaraes, MD, FSIR
Medical University of South Carolina

IB. Finance 101: Continuous process improvement for IR financial operations

Coordinators

Raymond Liu, MD,FSIR
Partners Healthcare
Ammar Sarwar, MD
Beth Israel Deaconess Medical Center
Michael Hall, MD
Beacon Health Care

IR Economics: From Diagnosis to Dollars

Raymond Liu, MD,FSIR
Massachusetts General Hospital

Activity Based costing and monthly reports: Know your data

Marcelo Guimaraes, MD FSIR
Medical University of South Carolina

Financial Concerns in the Quality Payment Era

Michael Hall, MD
Beacon Health Care

IC. Creating Service Lines for Office-based and Out-patient IR:

Coordinators

Gerald Niedzwiecki, MD, FSIR
Advanced Imaging & Interventional Institute, Clearwater, FL
Mary Costantino, MD
EPIC Imaging, Beaverton, OR

MACRA and Outpatient IR labs and clinics

Stacey Fahmer, JD
Fresenius Vascular Care

Freestanding IR clinics: providing quality care and returning value

Gerald Niedzwiecki, MD, FSIR
*Advanced Imaging & Interventional
Institute*

Outpatient Integrated Marketing: Creating Networks among Providers and Patients

Miriam Sznycer-Taub
The Advisory Board

IIA. Document what you Do!: CPT, E/M, telehealth and documentation

Coordinators

Kathy Krol, MD, FSIR
Member, AMA CPT Editorial Panel

Waleska Pabon-Ramos, MD, MPH
Duke University Medical Center

Timothy Swan, MD, FACR, FSIR
Marshfield Clinic

Understanding CPT/RUC, telemedicine & E/M coding

Kathy Krol, MD, FSIR
Member, AMA CPT Editorial Panel

New CPT rules for Moderate Sedation and Angioplasty

Waleska Pabon-Ramos, MD, MPH
Duke University Medical Center

New 2017 Dialysis codes, Venous MOCA, and Specialty Reporting in MACRA

Timothy Swan, MD, FACR, FSIR
Marshfield Clinic

IIB. Be at the table: What hospitals want from Interventional Radiology

Coordinators

Alan H. Matsumoto, MD, FSIR, FACR
University of Virginia Health System

Michael McDermott, MD, FSIR, FACR
President and CEO
Mary Washington Healthcare

Embracing clinical care to create demand for IR services across the Health System

Alan H. Matsumoto, MD, FACR, FSIR
University of Virginia Health System

IR and Health system consolidation: Evolving Practice models of IR and the IR-DR partnership

James B. Spies, MD, FSIR
**Georgetown University/MedStar
Health**

How can IRs bring the “low-hanging” fruit to the Health System

Michael McDermott, MD, MBA
President and CEO
Mary Washington Healthcare

Developing an IR Strategy and Growth Plan that enhances patient care and aligns with hospital incentives

Erin Lane
The Advisory Board

IIC. The new IR Residency: How to infuse business knowledge into residencies and fellowships

Overview of the new IR Residency

Training in IR and Health Care Economics

Wrap-up Plenary Panel Discussion: How a high-performing IR department can thrive under MIPS and APMs

Ideas on how IR can maximize value and serve patients

Coordinators

Janice Newsome, MD

Emory University

Sarah White, MD, MS, FSIR

Medical College of Wisconsin

Janice Newsome, MD

Emory University

Sarah White, MD, MS, FSIR

Medical College of Wisconsin

Panel speakers

Michael J. Miller Jr., MD, FSIR

Emory University

Sean Tutton, MD, FSIR

Medical College of Wisconsin

Donald F. Denny Jr., MD, FSIR

Princeton Health Care

Anne Roberts, MD, FSIR

Thornton Hospital, University of San Diego

Panel moderator

C. Matthew Hawkins, MD

Emory University
